VanderWeele, PhD**

Harvard Human
Flourishing Program

Matthew T. Lee, PhD

Institute for Studies of
Religion at Baylor University

**William G.
Pearson, Jr., PhD**

Edward Via College of
Osteopathic Medicine at Auburn

About the Series

The KNN is a national movement whose work is focused on integrating four foundational elements within the profession of medicine: character, caring, practical wisdom and flourishing. The *Foundations for Flourishing* four-part series aims to increase awareness and understanding of those elements. The series will discuss the concepts and teach how to practically apply them in everyday life in order to create a brighter future for the profession of medicine — one where all can flourish.

This series is presented by the Kern National Network for Flourishing in Medicine (KNN) through an investment from the Kern Family Foundation.
